# Crocheted case

Decorate a case for any small items such as earphones or coins, lipstick, a small perfume bottle, sweets or chewing gum using PRECIOSA Solgel seed beads. Use this tutorial, the crocheting technique and seed beads in the trending colors for Autumn and Winter 2024/2025 to decorate several of these adorable accessories.

## Materials and tools:

PRECIOSA Solgel Rocailles  
331 19 001; 10/0;  
02151 green; ca 30 g

- jeans thread in the color of the beads;  
black thread; a 1.0 mm hook; a needle with  
a large eye; an earphone case

Difficulty: ●●●●●

Technique: crocheting

## Procedure:

### Step 1

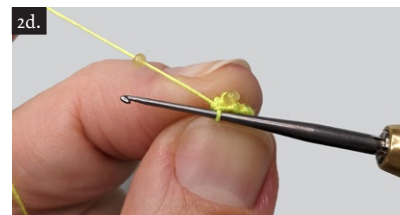

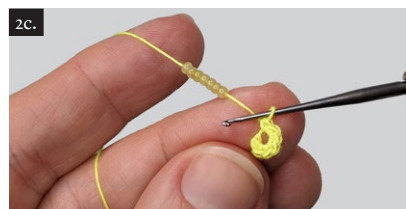

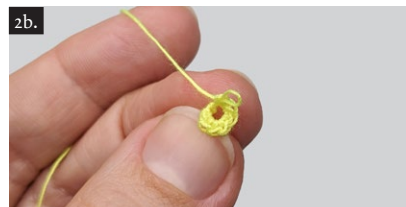

First string the seed beads onto the crochet yarn. You will double crochet around without connecting the rows. The list of the seed beads by row. A detailed description of the crocheting follows below.

Row 1 - 7 seed beads  
Row 2 - 12 seed beads  
Row 3 - 21 seed beads  
Row 4 - 28 seed beads  
Row 5 - 35 seed beads  
Row 6 - 42 seed beads  
Row 7 - 49 seed beads  
Row 8 - 56 seed beads  
Row 9 - 63 seed beads  
Row 10 - 70 seed beads  
Row 11 - 77 seed beads  
Row 12 - 84 seed beads

Row 13 - 91 seed beads  
Row 14 - 98 seed beads  
Row 15 - 105 seed beads  
Row 16 - 112 seed beads  
Row 17 - 119 seed beads  
Row 18 - 126 seed beads  
Row 19 - 133 seed beads  
Rows 20-22 - 140 seed beads

### Step 2

Make 3 chain stitches without any seed beads (fig. no. 2a). Then double crochet 7 stitches onto the first stitch in the chain - this should form a circle (fig. no. 2b). Then continue double crocheting: Add one seed bead into each stitch and then double crochet the same place again without a seed bead (fig. nos. 2c - 2e).

### Step 3

Continue with the second row: double crochet with a seed bead into the first stitch and then one without into the empty stitch - continue in the same way to the end of the row - you will have a total of 14 seed beads around (fig. no. 3a). In the next row, add another 7 seed beads - a total of 21 around (fig. no. 3b). Always add to the last empty stitch in the point, continue expanding the circle until you have 133 seed beads all around. In the 20th row, crochet into each stitch - only crochet once with a seed bead into the empty ones (do not add any empty stitches). Crochet the next two rows straight (fig. no. 3c). You have now completed one half of the case. Repeat the procedure for the second half.

### Step 4

Crochet one row with black thread (fig. no. 4a). Use the remainder of the thread to sew the crocheted covers to the earphone case (fig. nos. 4b-4c).
