Cute for spring

Celebrate a happy spring and Easter with a handmade bracelet. Add a hint of spring magic to your jewelry box with a cute bracelet made from glass beads. The bracelet stands out thanks to the bead made in the shape of an animal from lampworking rods. Let your creativity blossom and discover the joy of creating your own jewelry!

- a flexible stringing material (elastomer, Lycra, Opelon); scissors; a Big Eye needle

Procedure:

Step 1

Cut off ca 40 cm of the stringing material: we have used elastomer in this tutorial. Thread the needle to the middle of the elastomer and string the beads onto the doubled elastomer to ensure a stronger bracelet.

Difficulty: ●●●●●

Technique: stringing

Step 2

String any combination of imitation pearls, pressed beads onto the needle with the elastomer and add one dominant lamp bead in the shape of an animal.

Step 3

Once you have achieved the require length, cut the needle from the elastomer and tie off both ends of the bracelet with a double knot.
