The extensive range of PRECIOSA Traditional Czech Beads™ has been expanded to include the PRECIOSA Bow™ pressed bead. It will enable you to create simple effective patterns. It is highly variable and it can be combined well with other pressed and cut fire polished beads as well as with our wide range of seed beads. Now you can make an accessory, where the dominant feature is the PRECIOSA Bow™ bead.

PRECIOSA Pressed Beads (PB)
extended shapes such as pears,
olives and so on; 4X

a medium-sized chain; 10 mm, 8 mm and
5 mm rings; 14 mm eye pins; a pin (the length
according to the pressed beads + 1 cm);
a carabiner

a 0.20 mm nylon line; scissors; a thin needle;
needle nose pliers; a ruler

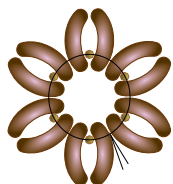

Difficulty: 

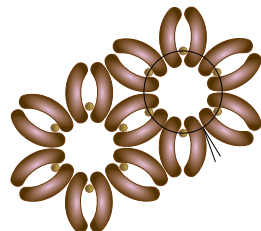

Procedure:

Step 1:
Create the basic „flower“. String 1x B from the
outer arch, 1x FPB and another 1x B from the

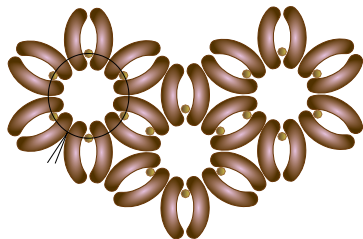

inner arch. Repeat this 5 more times, a total
of 6 times. Tighten and tie off. Pull the line into
the surrounding beads and cut it off.

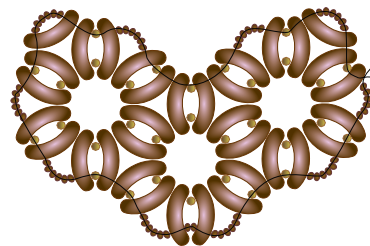

Step 2:
Create another side „flower“. 2x B are common
with the central „flower“.

Step 3:
Create another side „flower“. 2x B are common
with the central „flower“.

Step 4:
Sew through the circumference of the „flowers“
twice. Thread the line through the second
empty hole in the B. Add 1x FPB to the closed
space between the B. Add 6x R to the open
gaps. Additionally string 1x B under the R next
to the side „flowers“. String 2x R to the point
of the central „flower“ instead of the 3 mm FPB.

Step 5:
Link the pendants. String 1x PB onto an eye pin.
Shorten the protruding wire to about 8 mm.
Grasp the edge of the wire between the round
points of the pliers. Twist. Slightly crack it at
the edge of the hole, so that the eye is located
centrally. String the eye of the eye pin before
closing. String 1x FPB on an eye pin. twist the
eye. String a 10 mm ring into the eye.
Leave it well open and string it above the FPB
at the point of the central „flower“.
String the other two between the central and
side „flowers“.

Step 6:
Cut off 20 cm of chain and 28 cm with play
for adjustment. Use 2x 8mm rings to affix
the outer link to the sewn section.
Connect a carabiner to the shorter chain at
the opposite end using a 5 mm ring.
Link 1x PB to the other end of the longer
chain.
