PRECIOSA Pip™

## PRECIOSA Pip™ Pressed Bead

PRECIOSA ORNELA presents the new PRECIOSA Pip™ Pressed Bead from the PRECIOSA Traditional Czech Beads brand.

The bead's dimensions of 5 x 7 mm comply with the current trend for mini beads.

The axially symmetric flattened shape of the small core enables the realisation of half metal coating on both sides of the bead with the resulting effect of an overall decoration.

The strung beads fit together tightly and create an interlocking zip effect. Six beads connected in a circle can easily be used to create an application in the shape of a flat flower which

is a suitable accessory for seed bead embroidery. Thanks to its small protrusion,

this bead is an excellent accessory to the two-hole PRECIOSA Twin™ beads and seed beads, like PRECIOSA Solo™.
